Based on the measurements presented above, Bureau Veritas Consumer Products Services Inc., acting as Certification Body for the NRCan program, confirms that the product as described is compliant with the Energy Efficiency Regulations applicable to this product type. This certification confers upon the certificate holder permission to use the Bureau Veritas Consumer Products Services Inc. S Mark logo on the model(s) listed above. Bureau Veritas Consumer Products Services Inc. is an SCC accredited Certification Body (CB) for the NRCan program. The program follows System 2 as defined ISO/IEC 17067. BUREAU VERITAS CONSUMER PRODUCTS SERVICES INC. is a Standards Council of Canada accredited Certification Body.

ENERGY EFFICIENCY VERIFICATION (EEV) LISTING LETTER

This document with certificate serves as authorization to apply the Bureau Veritas Consumer Products Services Inc. Energy Efficiency Verification Listing Mark to the above products, which are identical to the units that were submitted for investigation. It is subject to the terms of the “Certification/Listing Agreement” executed between Bureau Veritas Consumer Products Services Inc. and your company. The investigation is detailed in **Bureau Veritas Consumer Products Services (Guangzhou) Co., Ltd., Science City Branch** test report **LMO-EGZ-P25020262**.

Invitation: Bureau Veritas Consumer Products Services Inc.’s certification system maintains an Impartiality Committee open to all concerned parties which participates in development of the practices of the Body. Contact EEV@us.bureauveritas.com to join the committee.

Products produced which bear the Bureau Veritas Consumer Products Services Inc. EEV Listing Mark shall be identical to the sample submitted for evaluation and found to comply with recognized standards. Your listed products will be subject to random surveillance and if changes in construction/performance are discovered, authorization to use the Bureau Veritas Consumer Products Services Inc. EEV Listing Mark may be withdrawn and products which bear the Bureau Veritas Consumer Products Services Inc. EEV Listing Mark may have to be revised to bring them into compliance with the standard. You shall make any changes to the product agreed to as a result of our findings letter.

You shall notify Bureau Veritas Consumer Products Services Inc. immediately if your Company obtains information which reasonably supports the conclusion that a product distributed in commerce fails to meet the relevant technical requirements.

Reporting a product to Bureau Veritas Consumer Products Services Inc. does not automatically mean that Bureau Veritas Consumer Products Services Inc. will conclude that corrective action is necessary. Bureau Veritas Consumer Products Services Inc. staff works with the reporting firm to determine if corrective action is appropriate.

A company should file its report with the Bureau Veritas Consumer Products Services Inc. Certification Manager. The report may be filed by mail, telephone (978-486-8880), fax (978-486-8828) or email (EEV@us.bureauveritas.com). A company should assign the responsibility of reporting to someone with

knowledge of the product and of the reporting requirements of this procedure. He or she should have the authority to report to Bureau Veritas Consumer Products Services Inc. or to quickly raise the reporting issue to someone who does.

Reporting firms should be prepared to provide the information described below. However, no company should delay a report because some of this information is not yet available. The following information should be transmitted:

1. Description of the product.
2. Name and address of the company, and whether it is a manufacturer, distributor, importer or retailer.
3. Nature and extent of the possible product defect
4. Name, address and telephone number of the person informing Bureau Veritas Consumer Products Services Inc.
5. A timetable for providing information not immediately available.

This procedure requires firms to report "immediately." This means that a firm should notify the Bureau Veritas Consumer Products Services Inc. within 24 hours of obtaining information indicating that a product defect exists.

Identifying a Defect

A defect could be the result of a manufacturing or production error; or it could result from the design of, or the materials used in, the product. A defect could also occur in a product's contents, construction, finish, packaging, and/or instructions.

If the information available to a company does not reasonably support the conclusion that a defect exists, the firm need not report to Bureau Veritas Consumer Products Services Inc. under the defect reporting provision. However, since a product may be defective even when it is designed, manufactured, and marketed exactly as intended, a company in doubt as to whether a defect exists should still report.

MARKING RULES:

The label bearing the mark may be purchased from Bureau Veritas Consumer Products Services Inc. or produced by the participant providing an acceptable label control procedure is on file with Bureau Veritas Consumer Products Services Inc. Requests to change the labeling must be approved in writing by Bureau Veritas Consumer Products Services Inc. Reference to the Bureau Veritas Consumer Products Services Inc. EEV Listing Mark may be made only in connection with currently listed products. Requests to enlarge or reduce the mark are generally honored, but it cannot be changed in any other way. The File Identifier and accompanying text must be displayed with the mark. Under no circumstances may the mark be used on its own or with the C/US subscripts. All printed reference to the Bureau Veritas Consumer Products Services Inc. listing mark in advertising or promotional material must be submitted to Bureau Veritas Consumer Products Services Inc. for approval prior to distribution.

In order to be considered listed, each product must bear the certification mark either as a label or if the product is too small, on the packaging as approved in the evaluation process.

The following labeling rules shall also be observed:

Each product that is granted the use of the Bureau Veritas Consumer Products Services Inc. EEV Listing Mark shall:

(1) Affix on the product the Bureau Veritas Consumer Products Services Inc. EEV Listing Mark.

(2) In addition to the mark, the 7 digit file code must appear below the symbol. Until issued by the certification department, this code can be represented for the purpose of label submission as “CSXXXXX”. The text “Energy Efficiency Verified” must appear directly below the CS number on two lines as shown in the image above.

(3) The mark and accompanying text may be printed in all green or all black or otherwise engraved or embossed.

(4) If the listed product is an External Power Supply (EPS), EPS devices may be labeled with the Bureau Veritas Consumer Products Services Inc. EEV Energy Efficiency Certification Mark or alternatively with the Roman numeral IV as indicated in the ENERGY STAR International Efficiency Marking Protocol.

Upon request the participant shall supply quantities and ship dates for the listed product within 30 days of the request. Failure to supply this information may result in the de-listing of the product.

This procedure may be modified or amended at any time by Bureau Veritas Consumer Products Services Inc. with notice to the participant.
