Sample image:

**WARNING: KEEP ALL FLAME AND HEAT SOURCES AWAY FROM THIS TENT FABRIC
MISE EN GARDE : TENIR LE TISSU DE CETTE TENTE LOIN DE TOUTE FLAMME ET DE TOUTE
SOURCE DE CHALEUR**

This tent is made of flame-resistant fabric. It is not fireproof.
The fabric will burn if left in continuous contact with a flame source.

The following precautions should be taken when camping:

1. Do not use candles, matches or open flames of any kind in or near a tent.
2. Do not cook inside a tent.
3. Build campfires downwind and several metres away from a tent and be sure to fully extinguish campfires before leaving a campsite or before retiring for the night.
4. Exercise extreme caution when using fuel-powered lanterns or heaters inside a tent and use battery-operated lanterns whenever possible.
5. Do not refuel lamps, heaters or stoves inside a tent.
6. Extinguish or turn off all lanterns before going to sleep.
7. Do not smoke in a tent.
8. Do not store flammable liquids inside a tent.
9. Never use fuel-burning appliances in tent without providing fresh air into the area.
10. Never use heaters or other fuel-burning appliances while sleeping.
11. Keep fuel-burning appliances a safe distance from tent materials.

Cette tente est fabriquée d'un tissu résistant au feu, mais qui n'est pas ininflammable.

Ce tissu brûlera s'il est laissé en contact continu avec une source d'inflammation.

Les précautions suivantes doivent être prises en camping :

1. Ne jamais utiliser de bougies, d'allumettes, ni aucune autre flamme nue à l'intérieur ou à proximité de la tente.
2. Ne pas faire de cuisson à l'intérieur de la tente.
3. Faire les feux de camp à plusieurs mètres de la tente, du côté autre que celui d'où souffle le vent; s'assurer de toujours bien éteindre les feux de camp avant de quitter le terrain ou de se coucher.
4. Être extrêmement prudent lorsque des lanternes ou des appareils de chauffage à combustible sont utilisés à l'intérieur de la tente et se servir autant que possible de lanternes à piles.
5. Ne jamais remplir le réservoir des lampes, des appareils de chauffage ou des poêles à l'intérieur de la tente.
6. Éteindre toutes les lanternes avant de se coucher.
7. Ne pas fumer à l'intérieur de la tente.
8. Ne jamais ranger des liquides inflammables à l'intérieur de la tente.
9. N'utilisez jamais d'appareils à combustion dans la tente sans fournir d'air frais dans la zone;
10. N'utilisez jamais d'appareils de chauffage ou d'autres appareils à combustion pendant que vous dormez;
11. Gardez les appareils à combustion à une distance sécuritaire de la tente.
